ABOUT US

Promote the best of African talent!

We help companies find the best profiles through our innovative service offer combining technological expertise and knowledge of the job market in Africa

100% African expertise offered by our network of consultants working closely with the job market

All trades and all sectors are represented: an adapted and scalable offer at the service of the performance of local and worldwide companies.

Our approach takes the form of a true partnership!

Ornella DIAMBOU,

Partner, General Manager

JOBART GROUP

THE METHOD

- **Single audience** : we work to find the ideal profile thanks to a unique audience made up of carefully targeted partners, with local and international influence.
- **Simplicity** : we offer easy-to-use platforms, with accessible and intuitive tools to simplify your recruitment experience as much as possible.
- **Personalized service** : our consultants and our experts support you throughout your project, thus adding a more human approach to our assistance mission.
- **Flexibility** : we adapt to your needs, personalizing your campaigns and offering you the best possible solutions, to help you best achieve your objectives.

WHY JOBART ?

+16 COUNTRIES

The strength of our pan-African network lies in our ability to support you everywhere, and to draw on experience acquired in other markets. This will allow you to carry out your projects brilliantly while making the most of your investments and your opportunities.

+34 EXPERTS

Each consultant has unique business expertise, making it possible to cover broad needs in various sectors of activity: services, real estate, health, oil, industry, and others. From the executing agent to the executive and this, on behalf of international or local companies.

OUR SOLUTIONS

We help companies find the best profiles through our offer of innovative services combining technological expertise and knowledge of the job market in Africa.

For this, we have put online four (4) unique platforms:

Digital Sourcing

Recruitment

Gain efficiency and recruit the best candidates simply and quickly.

Pool talent

Personalized profiles

Have a personalized pool according to your activity: collaborative and scalable space on demand.
